| | 11. Student Fitness Center / McCormick Hall | 17. Student Services Building |

G85W, G85E, and G86 are designated for school vehicle parking.

Parking: Parking regulations will be strictly enforced. Buses parked illegally will be required to move immediately. Cars parked illegally will be ticketed.

During Registration: Thursday night (4:00 pm - 8:30 pm), buses/vans will be allowed to stop on University Street only long enough to drop off sponsors who are picking up registration materials.

During the Festival: Buses/vans will not be allowed to park or drop off students on University St., Locust St., or College Ave. Buses/vans are to park in Lot G85E, G85W, or G86. There is no charge for buses to park in these lots. Students should load and unload buses in these three parking lots. Students will exit the Bone Student Center via the North entrance (near Barnes and Noble) and walk through the Bone Student Center parking lot to the bus/van location. This will be monitored closely in order to alleviate concerns expressed by Illinois State University and Normal Police Department.

The Bone Student Center and South University visitor parking lots will be open for a fee to the general public to park in. The Bone Student Center lot is \$1.00 per hour (up to a maximum of \$8.00 per day) on Thursday and Friday and no charge for parking on Saturday. At the South University Street garage, parking is available on a pre-pay basis. You must determine the amount of time you need and pay before leaving the vehicle parked at one of two pay stations on the east side of the lot that accept cash and credit/debit cards. The fee is \$1.00 per hour with no maximum on Thursday and Friday. There will be no charge on Saturday.
